(June 2017) (Learn how and when to remove this template message) (Learn how and when to remove this template message) The higher secondary certificate, also known as HSC or Intermediate or +2, in the Madrasah Alim education exam, is a public exam taken by students of secondary schools in Bangladesh, Nepal, Pakistan and in the states of Gujarat, Tamil Nadu, Andhra Pradesh, Kerala, Telangana, Punjab, Maharashtra, West Bengal and Goa in India. In India, the structure of exams varies from board to deck. In most committees, however, subjective [necessary clarifications] are reviews. The HSC is equivalent to GCE A Level in England and year 3 and 4th high school in the United States. Bangladesh After 10 years of primary and secondary schooling, students (16+) who pass the secondary certificate examination (SSC) have the opportunity to join the college for two years of upper secondary education in specific fields of specialisation or enrolment at a technical or polytechnic institute. After two years of upper secondary education, one must sit on another public examination called the Certificate of Higher Secondary School Examination, which is carried out by the education boards in order to qualify for further education. Students of religious and English secondary schools also sit for their public exams, Alim and A-level, conducted by the Madrasah Education Board and London/Cambridge University, in order to qualify for further education. Each year, the HSC exam starts from April in Bangladesh. The HSC Exam Routine is published 2 months before the exam. There are nine secondary and secondary education committees responsible for conducting public examinations, which are also responsible for the recognition of private sector educational institutions. [1] After great consideration and consideration, the authority concerned has taken a decision not to equivalent exam for 2020. The results of the two previous examinations will be mediocre and used as a result. [2] The Nepal State Examination Board (Nepal) is responsible for conducting and conducting all college exams involving the 11th and 12th grade-higher middle exam (10+2), the 10th Grade EE exam, and the 8th grade district level exam. After completing the upper secondary examination, the student will be entitled to enrol in university. In addition to the national upper secondary examination, Cambridge International Examinations (CIE) GCE Advanced Level Qualifications (known as A level) also offer some private, public and international schools. The grade shall be considered equivalent to the national secondary school (10+2) examination. Pakistan Higher Secondary School Certificates (HSSC), also known as Intermediate, is a public examination taken by students of a high school or high school (Junior college) in Pakistan. After completion of the Matriculation in the 9th and 10th grades, students are then enrolled in intermediate faculty and completed 11th and 12th grades. After completion of each of the two classes, they shall re-test the standardised tests in their academic subjects. After successful completion of these examinations, students are awarded a certificate of upper secondary school (HSSC). This level of education is also called F Sc/FA/ICS. There are many streams that students can choose for their 11 and 12 classes, such as pre-medical, pre-engineering, humanities (or social sciences), computer science and commerce. Each stream consists of three optional subjects and three compulsory subjects of English, urdu, Islamism (grade 11 only) and Pakistani studies (only 12th grade). India India In India, the HSC [3] is known as the 12th class exam, conducted at the state level by state education committees such as (Maharashtra Board, Madhya Pradesh Board, Bihar Board & many others) and national level central board for secondary education (CBSE) and National Institute of Open Education (NIOE). CBSE conducts this once a year, NIOE conducts it twice a year on public reviews with the possibility of on-demand reviews. On the other hand, the 10th grade exam, also carried out at the national level by the State Boards of Education and at the national level of the Central Board of Secondary Education and in India, is known as the SSC exam. There are a total of 6 subjects on the HSSC exam, which are different for different state boards, but common in the case of the high school board.
